Re: *Interconnection Agreement Negotiations Between AT&T
Communications of the South Central States, Inc. TCG MidSouth, Inc.
and BellSouth Telecommunications, Inc. Pursuant to 47 U.S.C. § 252
Docket No. 00-00079*

Dear Mr. Waddell:

This is to advise the Authority that there is a sentence in BellSouth's Post-Hearing Brief that is incorrect. Specifically, the final sentence of the first paragraph on page 3 of the Brief states that the Authority has ordered reciprocal compensation to be paid for traffic that transits ISPs on an interim basis subject to a true-up until the FCC issues its decision. As stated in its Brief, BellSouth acknowledges that the Authority has determined in several arbitration orders that reciprocal compensation should be paid for ISP-bound traffic. BellSouth further acknowledges that those orders make no reference to payment being made on an interim basis or being subject to a true-up based on FCC decisions.

BellSouth apologizes for this error. A copy of this letter is being provided to counsel for AT&T and TCG.

Very truly yours,

Guy M. Hicks
